Cautionary Note Regarding Forward-Looking Statements

This announcement contains forward-looking statements which address our expected future business and financial performance. All statements other than statements of historical fact could be deemed forward-looking, including, but not limited to, those related to any statements of the plans, strategies and objectives of management for future operations; any statements of expectation or belief regarding future events, technology developments or enforceability of our intellectual property rights; and any statements of assumptions underlying any of the foregoing. These forward-looking statements are based on current expectations, estimates, forecasts and projections of future Company or industry performance, based on management's judgment, beliefs, current trends and market conditions, and involve risks and uncertainties that may cause actual results to differ materially from those contained in the forward-looking statements. Accordingly, we caution you not to place undue reliance on these statements. For Avago, particular uncertainties that could materially affect future results include cyclicalities in the semiconductor industry or in our target markets; the recent economic downturn and financial crisis and their impact on our business, results of operations, and financial condition quarterly and annual fluctuations in operating results; our competitive performance and ability to continue achieving design wins with our customers; our ability to generate cash sufficient to fund our research and development, capital expenditures and other business needs and to service our debt; our increased dependence on outsourced service providers for certain key business services and their ability to execute to our requirements; our dependence on contract manufacturing and outsourced supply chain; loss of our significant customers; our ability to maintain tax concessions in certain jurisdictions; our ability to protect our intellectual property and any associated increases in litigation expenses; any expenses associated with resolving customer product and warranty claims; costs associated with and our ability to achieve the growth prospects and synergies expected from our acquisitions; delays and challenges associated with integrating acquired companies with our existing businesses; our ability to improve our cost structure through our manufacturing outsourcing program; and other events and trends on a national, regional and global scale, including those of a political, economic, business, competitive and regulatory nature. Our Quarterly Report on Form 10-Q filed on June 3, 2010 and other filings with the Securities and Exchange Commission, or "SEC" (which you may obtain for free at the SEC's website at <http://www.sec.gov>) discuss some of the important risk factors that may affect our business, results of operations and financial condition. We undertake no intent or obligation to publicly update or revise any of these forward looking statements, whether as a result of new information, future events or otherwise, except as required by law.
