

Avago Technologies to Present at Barclays Technology Conference on December 9

December 7, 2010

SAN JOSE, Calif. & SINGAPORE, Dec 07, 2010 (BUSINESS WIRE) -- Avago Technologies (Nasdaq: [AVGO](#)), a leading supplier of analog interface components for communications, industrial and consumer applications, is scheduled to present at the Barclays Capital 2010 Global Technology Conference in San Francisco on Thursday, December 9, 2010 at 9:30 a.m. PST.

A live audio-only webcast of the presentation and a replay will be available at the Investor section of the company's website at www.avagotech.com.

About Avago Technologies

Avago Technologies is a leading supplier of analog interface components for communications, industrial and consumer applications. By leveraging its core competencies in III-V compound and silicon semiconductor design and processing, the company provides an extensive range of analog, mixed signal and optoelectronics components and subsystems to approximately 40,000 end customers. Backed by strong customer service support, the company's products serve four diverse end markets: wireless communications, wired infrastructure, industrial and automotive electronics, and consumer and computing peripherals. Avago has a global employee presence and heritage of technical innovation dating back nearly 50 years to its Hewlett-Packard roots. Information about Avago is available on the Web at www.avagotech.com.

Avago, Avago Technologies, and the A logo are trademarks of Avago Technologies. All other trademarks are the property of their respective owners.
