The guidance provided above is only an estimate of what the Company believes is realizable as of the date of this release. Among other things, this guidance is based on an initial estimate of purchase accounting adjustments and allocations for CA, Inc., all of which may be revised during the remainder of the measurement period (which will not exceed 12 months from the CA acquisition). The guidance excludes the impact of any future mergers, acquisitions, divestiture and stock repurchase activity that may occur during fiscal year 2019. Actual results will vary from the guidance and the variations may be material. The Company undertakes no intent or obligation to publicly update or revise any of these projections, whether as a result of new information, future events or otherwise, except as required by law.

#### **Quarterly Dividend**

#### **Basis of Presentation**

Broadcom Inc. is the successor to Broadcom Limited for financial reporting purposes effective as of the close of trading on April 4, 2018. Information provided for fiscal periods beginning with the fiscal quarter ended May 6, 2018, relates to Broadcom Inc. and for prior fiscal periods relates to Broadcom Limited. Unless the context otherwise requires, references in this press release to "Broadcom," "the Company," "we," "our," "us" and similar terms are to Broadcom Inc. and, prior to that time, are to our predecessor, Broadcom Limited.

The Company's financial results include contributions from CA, Inc.'s continuing operations starting in the first quarter of fiscal year 2019. The financial results from businesses that have been classified as discontinued operations in the Company's financial statements are not included in the results presented above, unless otherwise stated.

Due to the Company's 52/53 week reporting cycle, fiscal year 2018 included an extra week in the first quarter, compared to fiscal year 2019.

### **Non-GAAP Financial Measures**

In addition to GAAP reporting, Broadcom provides investors with net revenue, net income, operating income, gross margin, operating expenses, cash flow and other data on a non-GAAP basis. This non-GAAP information includes the effect, where applicable, of purchase accounting on revenue, and excludes amortization of acquisition-related intangible assets, stock-based compensation expense, restructuring, impairment and disposal charges, acquisition-related costs, including integration costs, purchase accounting effect on inventory, litigation settlements, impairment on investment, debt-related costs, gain (loss) on extinguishment of debt, gains (losses) on investments, income (loss) from discontinued operations and non-GAAP tax reconciling adjustments. Management does not believe that these items are reflective of the Company's underlying performance. Internally, these non-GAAP measures are significant measures used by management for purposes of evaluating the core operating performance of the Company, establishing internal budgets, calculating return on investment for development programs and growth initiatives, comparing performance with internal forecasts and targeted business models, strategic planning, evaluating and valuing potential acquisition candidates and how their operations compare to the Company's operations, and benchmarking performance externally against the Company's competitors. The exclusion of these and other similar items from Broadcom's non-GAAP financial results should not be interpreted as implying that these items are non-recurring, infrequent or unusual. Free cash flow measures have limitations as they omit certain components of the overall cash flow statement and do not represent the residual cash flow available for discretionary expenditures. Investors should not consider presentation of free cash flow measures as implying that stockholders have any right to such cash. Broadcom's free cash flow may not be calculated in a manner comparable to similarly named measures used by other companies.

Broadcom believes this non-GAAP financial information provides additional insight into the Company's on-going performance. Therefore, Broadcom provides this information to investors for a more consistent basis of comparison and to help them evaluate the results of the Company's on-going operations and enable more meaningful period to period comparisons. These non-GAAP measures are provided in addition to, and not as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. A reconciliation between GAAP and non-GAAP financial data is included in the supplemental financial data attached to this press release.

- (1) In connection with the redomiciliation to the United States on April 4, 2018, or the Redomiciliation, all outstanding exchangeable limited partnership units, or LP Units, in Broadcom Cayman L.P. were exchanged for common stock of Broadcom on a one-for-one basis and the noncontrolling interest, or NCI, was eliminated. Net income attributable to NCI prior to the Redomiciliation represents approximately 5% of net income attributable to LP Units.
- (2) There were no LP Units outstanding during the fiscal quarters ended August 4, 2019, May 5, 2019, August 5, 2018 or three fiscal quarters ended August 4, 2019 due to the Redomiciliation. The diluted income per share calculations excluded the LP Units for the three fiscal quarters ended August 5, 2018 as the impact was antidilutive.
