The following is a summary of certain key terms of the Exchange Offers:

- The Exchange Offers will expire at 12:00 midnight, New York City time, at the end of April 27, 2022, unless extended by the Company (the “Expiration Date”).
- Eligible Holders who validly tender and do not validly withdraw their Existing Notes at or prior to the Early Participation Date will receive: (a) New Notes in a principal amount equal to (i) the Total Consideration (as defined below) applicable to such Existing Notes minus (ii) the Cash Component (as defined below), and (b) a cash payment equal to the Cash Component, for each \$1,000 principal amount of such Existing Notes tendered and accepted for exchange by the Company.

- Eligible Holders who validly tender and do not validly withdraw their Existing Notes after the Early Participation Date will receive: (a) New Notes in a principal amount equal to (i) the Exchange Consideration (as defined below) applicable to such Existing Notes minus (ii) the Cash Component, and (b) a cash payment equal to the Cash Component, for each \$1,000 principal amount of such Existing Notes tendered and accepted for exchange by the Company.
- “Total Consideration” means, as calculated in accordance with the formula set forth in Annex A to the Offering Memorandum, the discounted value of the remaining payments of principal and interest through the maturity date or par call date, as applicable, of the applicable series of Existing Notes (excluding accrued and unpaid interest to, but not including, the applicable Settlement Date), using a yield equal to the sum of (a) the bid-side yield on the applicable Reference UST Security (as set forth in the tables above with respect to such series of Existing Notes) as calculated by the Dealer Managers (as defined below) in accordance with standard market practice, as of 11:00 a.m. New York City time on April 14, 2022 (such date and time, the “Pricing Time”), as displayed on the Bloomberg Government Pricing Monitor Pages listed in the tables set forth on the cover page of the Offering Memorandum with respect to such series of Existing Notes (or any recognized quotation source selected by the Dealer Managers in their sole discretion if such page is not available or is manifestly erroneous) and (b) the Fixed Spread as set forth in the tables above with respect to such series of Existing Notes. For the avoidance of doubt, the Total Consideration includes the Early Participant Payment, as defined below.
- “Exchange Consideration” means the Total Consideration minus the Early Participant Payment.
- “Cash Component” means the portion of the Total Consideration, or the Exchange Consideration, as applicable, to be paid to holders in cash and is equal to the applicable Total Consideration for the relevant series of Existing Notes minus \$1,000. For the avoidance of doubt, the Cash Component payable with respect to each series of Existing Notes validly tendered at or prior to the Early Participation Date, and accepted by us for exchange, will be equivalent to the Cash Component payable with respect to such series of Existing Notes validly tendered after the Early Participation Date and at or prior to the Expiration Date, and accepted by us for exchange.
- “Early Participant Payment” means \$50 (payable in applicable New Notes) for each \$1,000 principal amount of each series of Existing Notes tendered and not validly withdrawn at or prior to the Early Participation Date.
- The Company will pay interest on the New Notes at a rate per annum equal to (a) the yield, calculated in accordance with standard market practice, that corresponds to the bid-side price of the 1.875% United States Treasury due February 15, 2032 as of the Pricing Time as displayed on the Bloomberg Government Pricing Monitor page FIT1 (or any recognized quotation source selected by us in our sole discretion if such quotation report is not available or is manifestly erroneous), plus (b) a fixed spread of 215 basis points.
- Assuming the Company elects to have an early settlement, settlement for Existing Notes tendered at or prior to the Early Participation Date and accepted by the Company is expected to be April 18, 2022, unless extended by the Company (the “Early Settlement Date”). Settlement for Existing Notes tendered and accepted after the Early Participation Date is expected to be April 29, 2022, unless extended by the Company (the “Final Settlement Date”).
- Eligible holders who validly tender and who do not validly withdraw their Existing Notes at or prior to 5:00 p.m., New York City time, on April 13, 2022, unless extended by the Company (the “Early Participation Date”), and whose tenders are accepted for exchange by the Company, will receive the Total Consideration for each \$1,000 principal amount of Existing Notes.

- All Eligible Holders whose Existing Notes are accepted in an Exchange Offer will receive a cash payment equal to accrued and unpaid interest on such Existing Notes to, but not including, the applicable Settlement Date in addition to their Total Consideration.
- Tenders of Existing Notes in the Exchange Offers may be validly withdrawn at any time at or prior to 5:00 p.m., New York City time, on April 13, 2022, unless extended by the Company (the “Withdrawal Deadline”), but will thereafter be irrevocable, except in certain limited circumstances where additional withdrawal rights are required by law.
- Consummation of the Exchange Offers is subject to a number of conditions, including, among other things, the issuance of at least \$500,000,000 aggregate principal amount of New Notes and the Company’s determination that New Notes issued on the Final Settlement Date, if any, will be treated as part of the same issue as the New Notes, if any, issued on the Early Settlement Date for U.S. federal income tax purposes.
- The Company will not receive any cash proceeds from the Exchange Offers.

If and when issued, the New Notes will not have been registered under the Securities Act of 1933, as amended (the “Securities Act”), or any state securities laws. The New Notes may not be offered or sold in the United States or to any U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. The New Notes will be unsecured obligations of the Company and will rank *pari passu* with all other unsecured and unsubordinated indebtedness of the Company.
