EU Public CbCR obligations are applicable in Spain for fiscal years starting on or after June 22, 2024, and are regulated in Law 22/2015, of July 20 (Audit Law), Additional Provision No. 11. Under the aforementioned regulation, medium- and large-sized Spanish subsidiaries or branches belonging to a group whose ultimate parent company is not resident in the European Union and that exceeds the EUR 750 million consolidated revenue threshold for two consecutive years must publish on their website a report (EU Country-by-Country Report, "EU pCbCR") containing relevant information on income, profits, income tax accrued and paid, accumulated earnings and employees, as well as the list of entities and activities performed in each EU country in which the group has a presence. As per the Audit Law requirements, Spanish entities in scope must make the EU pCbCR publicly available on their website within six months after the fiscal year-end date. In the event that the complete EU pCbCR is not available within the six-month deadline, the Audit Law provides that Spanish entities must publish the information they have available, together with a statement indicating that the complete report is not available within the established timeline. In this context, by means of the present document, the Spanish subsidiaries of Broadcom Group state that they have not received the complete EU pCbCR for the fiscal year ended October 31, 2025 within the time period established in the Audit Law. Accordingly, in compliance with the provisions set out by the Audit Law, they have prepared the report including the CbC information available for the relevant fiscal year.
